

# SHARKNADO™ REAMER SHOE

The Citadel Casing Solutions in-house engineered SHARKNADO™ Reamer Shoe is the ultimate casing running accelerator. No matter the wellbore condition, the SHARKNADO will get casing to total depth quickly and consistently.

**“YOU’RE GONNA NEED A BIGGER BOAT”**

- Tungsten carbide hemisphere cutting structure won't damage casing
- Torque reducing counter-clockwise blades
- Multi-directional jetting provides superior blade and wellbore cleaning
- Complete axial reaming coverage for rotating through tight spots
- 360° circumferential coverage for reaming without rotation
- CERAKOTE® performance ceramic coating provides exceptional wear and erosion resistance
- Standard with our 15 ksi gas-tight ULTRA MAG float valve (single or double)
- Any API or premium connection available
- P-110 standard grade, other grades available upon request

*CERAKOTE® is a registered trademark of NIC Industries, Inc.*
